Circa 1788

Nestled on an idyllic 11-acre farm with a natural pond amidst the rolling hills of Central Virginia's wine country, lies Spotswood Lodge, a true haven for all who seek serenity. In addition to being a stunning vacation rental, this property also doubles as an enchanting outdoor wedding venue. Its natural beauty, serene surroundings, and spacious layout make it an ideal setting for unforgettable gatherings and weddings. Originally constructed in 1788, the lodge was the very first farmhouse, exuding a distinct rustic-chic charm and elegant allure.

Lodging

Set between the historic towns of Orange, Gordonsville, and Barboursville, and just a stone's throw away from Charlottesville, Spotswood Lodge offers an exclusive escape to this expansive countryside. Rent the Lodge, which sleeps up to 16 guests, and the accompanying Cottage, which accommodates up to 7 guests, and relish in your own private piece of paradise.

Spotswood Lodge perfectly encapsulates the essence of rustic charm and country-chic in the design and layout of this late 1700s farmhouse. Meticulously refurbished with both comfort and convenience in mind, this historic gem celebrates and embraces the unique character and quirks that are often found in older homes.

The Grounds

Guests will have no problem finding a quiet spot to reflect, connect and enjoy the surrounding nature at Spotswood Lodge. There is a gorgeous bluestone patio off of the garden room, a side porch off of the living room and a traditional front porch on The Main House. The gardens, weeping willows and pond just add to the mystique and natural beauty.

Outdoor Celebrations

Off of the Cottage awaits a beautiful flat lawn perfect for the tent of your dreams. Behind the cottage are gardens and more lawn great for sunbathing, dining, yard games and/or setting up an outdoor dinner event.

Secret Gardens

Find your perfect place to say “I do” on Spotswood Lodge’s expansive grounds and gardens. Our Events Staff can make recommendations based on vision and guest count. To make your big day even more special, we recommend booking a site visit to reverently walk the grounds and see which space speaks to you the most!

And if it rains...

Spotswood Lodge has stood in beauty rain or shine since the 1700's. Our team will set you up for success by suggesting a rain plan that will accommodate you and your guests while retaining the old world charm and aesthetic of your wedding day. This may include renting a tent from a local vendor, or utilizing space in the home, depending on the guest count

The Depot Rain Plan

If a tented rain plan doesn't align with your wedding vision, we encourage you to consider reserving The Grelen Depot during your reception hours. In many cases, renting a room at The Depot can be more cost-effective than a tent—especially when factoring in additional rentals like tables and chairs.

Whether you're planning for sunshine or preparing for a backup plan, The Depot is available as a charming and practical reception space—rain or shine—if it feels like the right fit for your special day.

Important Information

- It is required that you hire a wedding planner and a full service caterer from the venue's preferred vendor list. A full service caterer means that they are responsible for the entire service, set up, and clean up. *Depending on your event size and needs, the Director of Events can approve catering plans that are not full service. This permission is given on a case by case basis and must be in writing.*
- Any amplified sound vendor (DJ, MC, Band, Independent Musicians) must be approved before booking by The Director of Events
- Spotswood Lodge is a non smoking venue, both in the house and on the grounds of the property.
- Fires are not permitted on the property, apart from candles in approved containers. Please see the Spotswood Lodge Lodging & Venue Contract for more details.
- It is a requirement that Grelen Couples provide bus or shuttle transportation for guests if alcohol is being served.
- Because the property is historic and the driveway was not designed for modern vehicles, some larger shuttles may have difficulty navigating the roundabout near the house. If you're arranging transportation with oversized vehicles, we recommend a site visit in advance to ensure smooth access and avoid any complications.
